

Construction Detour Effective Monday May 5th - Route E, F, & E/F – Signal Rd

Due to construction, there will be an impact to stops on **Route E, Route F, & Route E/F**. Impacted passengers will need to walk to the nearest accessible stops until construction is complete.

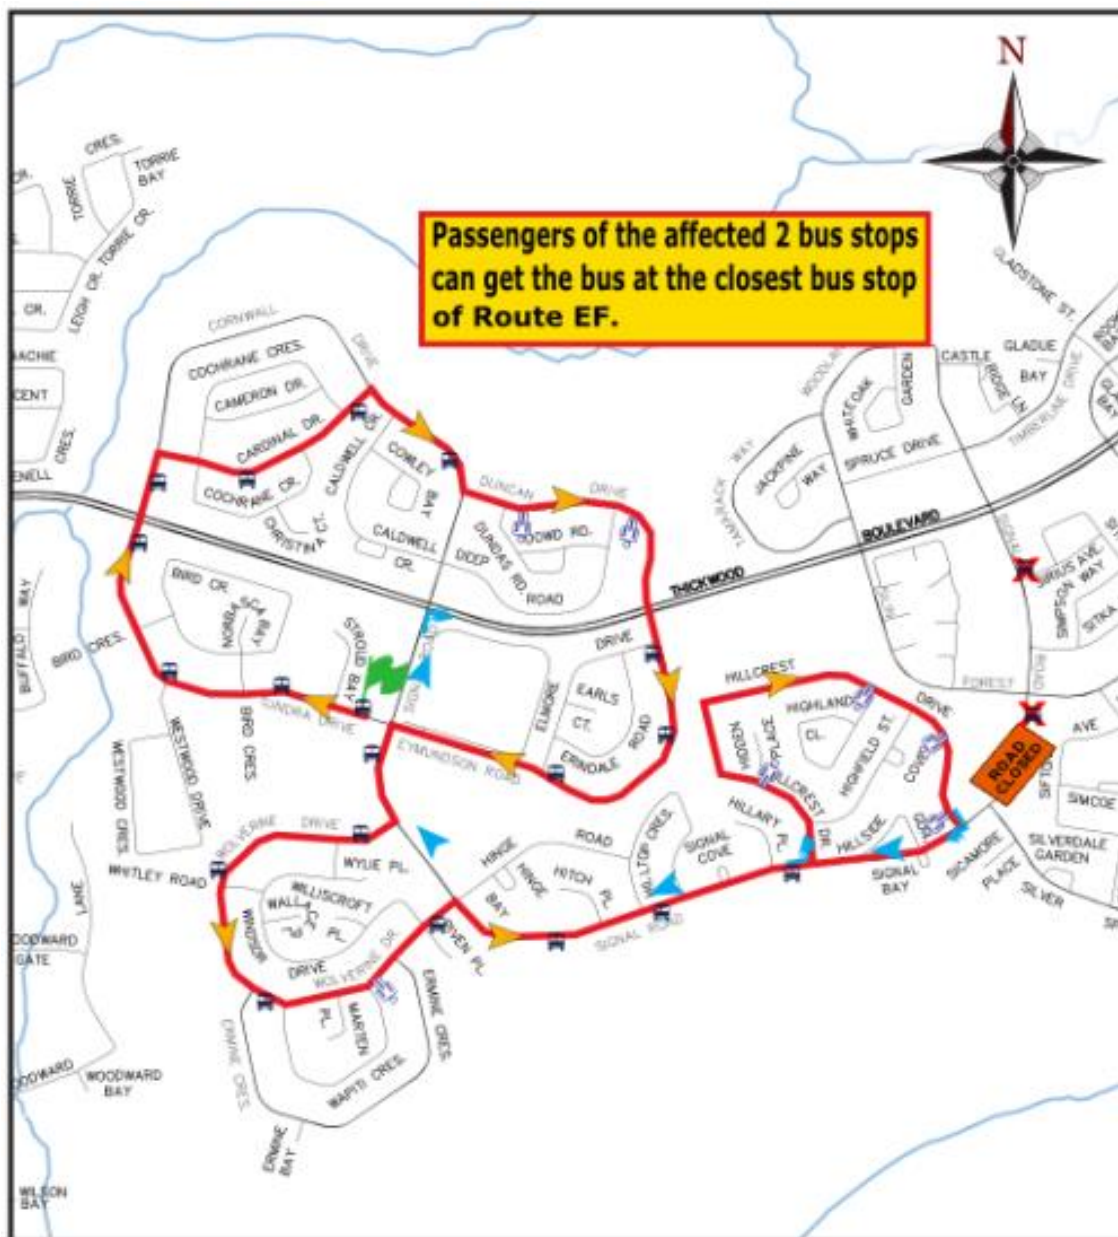

Please note, until you are familiar with the route change, it is recommended that you allow yourself additional time as certain pickup and drop-off locations will be affected by this detour. The Ground Transportation team would like to remind passengers to be aware of the hazards that road construction brings such as uneven ground, moving equipment and excavation. A great way to reduce congestion caused by the road construction is to use the company provided busing to commute to work.

*****As construction season can be rather fluid and changes can be quite last minute, please refer to www.mybusroute.ca for the most up to the minute changes to detours and routing.**

For clarifications or questions please email the Ground Transportation Team at REGT@suncor.com

All Ground Transportation routes and schedules are located at <https://sunlink.suncor.com>

ROUTE E

BUS ROUTE:
EAST & WEST
TOWN TO SITE

MONDAY - SUNDAY 7 Days a Week

DEPARTURE TIME:
REFER TO DEPARTURE TIME LEGEND
