

Update – ROUTE M Stop change Eagle Ridge Blvd.

Please be advised that the bus stop on **Eagle Ridge Boulevard for Route M(Base Plant)** will be **removed from service** effective July 5th due to ongoing safety concerns.

Passengers are encouraged to use the nearby stop on **Loutit Road, next to East Village Restaurant**.

This change is necessary to improve safety for both passengers and drivers. Currently, stopping on Eagle Ridge Boulevard prompts the drivers to exit via Confederation Way, where there is a **very short merge to access HWY 63 N** and **heavier traffic**. This has resulted in unsafe conditions, with drivers being cut off and vehicles refusing to yield.

By removing this stop, coaches will now exit via **Eagle Ridge Gate**, providing a much safer and more manageable merge onto Confederation Way.

We appreciate your understanding as we make this safety-driven adjustment.
